Chief Bixby's Property.

Chief of Police Frank A. Bixby was examined before Judge Green in the district court yesterday morning as to his property and the disposition of money belonging to the Sterling Manufacturing company alleged to have been in his possession at the time the company removed him from the agency at this point. At the August term of the district court here the Sterling Manufacturing company obtained a judgment against Bixby for \$1,540, which has never been satisfied and the examination yesterday was at the request of the company.

Bixby testified that during the company's service on July 13, 1897, he had cash on hand belonging to the company \$372.65, from which was to be deducted \$150, the amount of his salary for the month of July. That of this money belonging to the company he had loaned \$200 to his brother, who had paid it back after several months. After the money had been repaid by his brother he had used it for personal purposes.

When asked what had become of the \$200, Bixby testified that between August 1, 1897, and January 1, 1898, he had used it in defraying his living and household expenses. He further testified that at present he had no money belonging to the company or of his own except the sum of \$35, the balance of his last month's salary as chief of police and city marshal. He amended this by saying there might be a little to his credit in the safe at the city jail after the fines had been taken out.

He also testified that he had no property, real or personal, and when asked what his wife owned he testified that it belonged to his wife. On being further questioned as to his home he admitted that he had obtained the place by feeding land for it, but that he had had the deed made out in his wife's name. He testified that his wife had put any money into the home of her own. This testimony as to his home completed the examination.

Several creditors of the estate of William & Flummer, general merchants at Bedford, Ia., filed a petition in the United States district court here asking that the firm be declared bankrupt and a warrant issued to take possession of the firm's assets that same may be distributed among the creditors according to law. The petitioners and the amount of their claims are: Letts-Spencer-Parry Grocery company of St. Joseph, Mo., \$141.33; Noyes, Norman & Co. of St. Joseph, Mo., \$278.50; Nave-McCord Mercantile company of St. Joseph, Mo., \$187.60; John Blaul & Sons of Burlington, Ia., \$199.63. The petitioners estimate the liabilities of the firm at \$5,991.37 and the assets at a reasonable market price as worth \$4,000. It is recited in the petition that the firm did on December 1 of this year give chattel mortgages on its stock, goods, book accounts and notes to Mrs. A. Woolverton and G. M. Bradley, both of Bedford, to secure claims, respectively, of \$1,350 and \$400 and that on December 2 the firm gave another chattel mortgage to Richardson, Roberts & Byrne Dry-Goods company of St. Joseph, Mo., to secure a claim of \$2,166.03. The giving of these mortgages, the petitioners claim, is an act of bankruptcy within the meaning of the law.

Judge Woolton has written Clerk Steadman that he will be in Council Bluffs in January, when he will set the date for the hearings for the discharges in the bankruptcy cases of Forsyth, Ricker, Stabler, Rudig and Weirich. He has also written to Clerk Steadman to the effect that when no creditors appear at the first meeting and no claims are filed it is not necessary to appoint a trustee, but that these facts must be certified up to the judge by the referee. This must be done before a discharge of a voluntary petitioner in bankruptcy can be granted by the court.

Dismissed from the Docket.  
The suit brought in the district court by W. F. Siedentopf, administrator of the estate of the late William Siedentopf, against S. Farnsworth, has been settled and dismissed from the docket by Farnsworth paying Siedentopf the \$225 and the cost incurred in the action. The late Siedentopf sued for \$5,000, alleging that in 1897

William Siedentopf entered into an oral contract with Farnsworth by the terms of which the latter was to furnish a considerable amount of money with which Siedentopf was to purchase certain real estate and when the same should be sold they were to share equally the profits or losses, as the case might be. Farnsworth, it was alleged, advanced \$2,000 with which Siedentopf purchased property which was later sold at a profit. Subsequently, however, parties who purchased the real estate brought suit against Siedentopf, alleging defective title and recovered judgments aggregating several thousand dollars. Siedentopf, as administrator, alleged in his suit that Farnsworth was liable for half the amount of the judgments so recovered.
